VOLUME CIX.--NO. 139. ALEXANDRIA, VA. THURSDAY EVENING, JUNE 25, 1908. PRICE 2 CENTS

Words of Praise

For the several ingredients of which Dr. Pierce's medicines are composed, as given by leaders in all the several schools of medicine, should have far more weight than any amount of non-professional testimonials. Dr. Pierce's Favorite Prescription has THE BADGE OF HONESTY on every bottle-wrapper, in a full list of all its ingredients printed in plain English.

If you are an invalid woman and suffer from frequent headache, backache, gnawing distress in stomach, periodical pains, disagreeable, catarrhal, pelvic drain, dragging-down distress in lower abdomen or pelvis, perhaps dark spots or specks dancing before the eyes, faint spells and kindred symptoms caused by female weakness, or other derangement of the feminine organs, you can not do better than take Dr. Pierce's Favorite Prescription.

The hospital, surgeon's knife and operating table may be avoided by the timely use of "Favorite Prescription" in such cases. Thereby the obnoxious examinations and local treatments of the family physician can be avoided and a thorough course of successful treatment carried out in the privacy of the home. "Favorite Prescription" is composed of the very best native medicinal roots known to medical science for the cure of woman's peculiar ailments, contains no alcohol and no harmful or habit-forming drugs.

Do not expect too much from "Favorite Prescription;" it will not perform miracles; it will not disolve or cure tumors. No medicine will. It will do as much to establish vigorous health in most weaknesses and ailments peculiarly incident to women as any medicine can. It must be given a fair chance by perseverance in its use for a reasonable length of time.

You can't afford to accept a secret nostrum as a substitute for this remedy of known composition.

Sick women are invited to consult Dr. Pierce, by letter, *free*. All correspondence is guarded as sacredly secret and womanly confidences are protected by professional privacy. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets the best laxative and regulator of the bowels. They invigorate stomach, liver and bowels. One a laxative; two or three a cathartic. Easy to take as candy.

MARINE DISASTER.

A dispatch from Madrid says the Spanish steamer Larache, 1,500 tons, struck, on Tuesday afternoon, during a fog on the rocks off Ximiela, where the Cardinal Cisneros and many other ships have been lost, and sank in a few minutes. The sea was rough at the time. The vessel carried a crew of ninety-eight and ninety-seven passengers. It is known that 107 have been saved. The drowned number 88.

The Larache had called at Cadiz to embark passengers from Argentina for northern ports. She was bound for Muros. It is believed she struck an unknown rock, as the captain and pilot were both familiar with the coast, and shaped the course to avoid the rocks.

There was a terrible panic when the vessel struck, and all the small boats, when lowered, were capsized or smashed against the steamer. Fishermen put out from various points and rescued many of these on board. They landed forty-seventy at Muros and fifteen at Lon.

Special dispatches received in London from Corunna indicate that the sinking of the steamer may prove a very serious disaster.

It is impossible to obtain complete details, but the latest reports state that seventeen women were among the drowned.

LARGE OFFERING.

The Pan-American congress was concluded yesterday with a solemn service in the afternoon at St. Paul's Cathedral, London, at which the bishops presented thanks offerings from their dioceses, laying on the altar vouchers for $1,660,040.

There was an imposing procession of more then 200 bishops in gorgeous robes and numerous other ecclestastics in their robes of office. The procession left the crypt and marched through the streets to enter the great west doors. The choir met the processionists at the door and headed them up the nave, singing the litany.

The Most Rev. Randall Davidson, archbishop of Canterbury and primate of all England, preceded by a magnificent primitial cross and followed by a trainbearer and his chaplains brought up the rear.

Stomach Troubles.

Many remarkable cures of stomach troubles have been effected by Chamberlain's Stomach and Liver Tablets. One man who had spent over two thousand dollars for medicine and trestment was cured by a few boxes of these tablets. Price, 25 cents. Samples free at W. F. Creighton & Co. and Richard F. Gibson.

THREE BOYS KILLED.

Lindsay Blue, aged fourteen, son of John L. Blue, an auctioneer; Robert Snead, aged twelve, son of Robert L. Snead, a machinist, and Ralph Bethel, aged eleven, son of Mrs. Sallie Bethel, a widow, all of Charlottesville, were killed by lightning yesterday afternoon during the most terrific storm of the season. Another boy, Ivy Blue, aged ten, was stunned at the same time, but escaped serious injury.

The boys on their return home from a small creek, one mile south of Charlottesville, where they had been bathing, stopped under a big chestnut tree. Just as two of them pulled down a limb of the tree, to examine a bird's nest, the lightning knocked all four of the boys to the ground. Ivy Blue jumped to his feet and called to his brother to come on home. "All right," responded Lindsay, who jumped to his feet, took one step, and fell back dead.

When you need to take something take it promptly for the stomach, but take something you know is reliable—something like Kodol For Dyspepsia and Indigestion. Kodol is pleasant to take, it is reliable and is guaranteed to give relief. It is sold by W. F. Creighton & Co.

LONG CHASE.

Following a chase of 8,000 miles, starting in Hemphill county, Texas, jumping to Alaska, then to Hot Springs, Va., and then to the Hill City, Sheriff W. P. Johnson, of Hemphill county, has landed C. H. McPhail behind the bars at Lynchburg. Sheriff Johnson arrived in Richmond yesterday armed with a requisition on the governor of Virginia for the delivery of the fugitive to him to be taken back to Texas. The requisition was promptly honored. The sheriff left on the noon train for Lynchburg. He started on the return trip to Texas yesterday afternoon. McPhail, it is charged, defrauded one of the banks in Hemphill county to the extent of a large sum of money. The American Bankers' Association got on his trail. Sheriff Johnson has not lost sight of the man for nearly a year.

ALEXANDRIA GAZETTE AND VIRGINIA ADVERTISER

THURSDAY EVENING, JUNE 25, 1908.

AT THE sixtieth annual commencement of St. Charles' College at Ellicott City, Md., on Tuesday Rev. P. H. McClean, superior of the missionary band of the diocese of Hartford, Conn., spoke as follows to the graduates:

The great goal that you young men desire to reach is the priesthood. The priest is not a civil representative, but a representative of the eternal kingdom of God. One fault of the present day clergy is that we do not know enough of scripture. We do not know how to cope with worldly questions that are put before us. Therefore I urge upon you to take up strongly the study of scripture and pursue it thoroughly.

The above suggestion is equally applicable to all who assume the responsibility of filling pulpits. Many, unfortunately, neglect the critical study of the Scriptures, and seem to suppose that the basic facts set forth in the sacred writings comprise their sum total. There are, however, other zones of thought which are but seldom explored. There is a steady falling off in church attendance on the part of the masculine gender, which is to be deplored, and although many enterprises are conceived and carried out in order to interest this sex, such movements result in no lasting good. We live in an inquiring age, and those who pose as teachers should qualify themselves to be able to give to every man a reason for the faith they profess. In order to do this they should be close Bible students and endeavor to make such of their hearers.

ONE OF the last things to come from the pen of the late Grover Cleveland was a letter to a minister of the gospel commending a book on the life of Christ about to be issued by the latter. Mr. Cleveland said:

I very much hope that in sending out this book you will do something to invite more attention among the masses of our people to the study of the New Testament and the Bible as a whole. It seems to me that in these days there is an unhappy falling off in our appreciation of the importance of this study. I do not believe, as a people, that we can allow our interest in and veneration for the Bible to abate. I look upon it as the source from which those who study it in spirit and truth will derive strength of character, a realization of the duty of citizenship, and a true apprehension of the power and wisdom and mercy of God.

Mr. Cleveland was a student of the Bible, and there is reason to believe he endeavored to shape his course by its teachings. On March 4, 1885, when he was first inaugurated as president of the United States, he took the oath of office on a Bible presented to him when a boy by his mother.

THE action of this government in breaking off diplomatic relations with Venezuela is said in Washington to be the result of a plan carefully considered by the State Department. It was an interesting coincidence that American diplomatic relations with Venezuela should have been severed on the very day of the death of former President Grover Cleveland. Little more than a dozen years ago he risked in Venezuela's behalf a rupture of relations with England, the most formidable of European powers, and thus saved that republic from being summarily shorn of a large part of its territory.

THE Paris Matin quotes Prince Helie de Sagan as saying that if nothing definite was signed in America regarding the marriage arrangements, it was because Jay Gould's will cut Anna Gould's income from $600,000 to $360,000. "But one can live well enough on that," added the prince. The monumental impudence of these foreign "princes" is past comprehension. In all probability Helie never had thirty-six hundred dollars a year of his own in all his life, but he now reluctantly agrees to a $360,000 a year marriage settlement.

DECLARING that "Roosevelt' policies are right and they are the policies of the people," Secretary of War Taft, republican nominee for president, sets forth plainly in a magazine article his intention to carry out those policies. Roosevelt's successor, he says, "may well disregard any charge of lack of originality if he does not make an entirely new programme of his own." Thus does Mr. Taft admit that should he be elected president he will not be a leader but a follower, as he has been since he accepted office under Mr. Roosevelt.

LAST WINTER the president told the railroad companies not to reduce wages, and they didn't; they only turned off the men they could not use. Now he is said to have ordered the steel companies to start up their works and make business hum for the glorification of the G. O. P. and the election of Mr. Taft. But, asks the Philadelphia Record, if he can do all these things, why didn't he tell the New York banks last October not to close? A man who can cure panics ought to be able to prevent them.

ENGLISH newspapers of this morning pay high tributes to Grover Cleveland's integrity and desire to serve the interest of the United States.

From Washington.

Correspondence of the Alexandria Gazette.]

Washington, June 25.

Orders were telegraphed and cabled by the State War and Navy Departments today to the various posts stations ships and officers throughout the world for proper recognition of the death of ex-President Cleveland. These orders provide that at all legations and consular officers, at all military posts and at all navy yards and stations, on all flagships, and on all independent war vessels throughout the world the American flags shall be displayed at half mast for a period of thirty days from receipt of the order today. Telegraphic orders were also issued by the War and Navy Departments for proper recognition on tomorrow the day of the funeral. At each army post 21-minute guns will be fired at the time of the funeral, and at all navy yards and on flagships and independent vessels guns will be fired every half hour from sunrise to sunset All officers of the army, navy and marine corps are directed to wear the badge of mourning on the left arm of their uniform and on the sword hilts for a period of thirty days. An order issued by John Schofield, acting secretary of war, construes the proclamation of President Roosevelt directing that flags be displayed at half staff on all "departmental" buildings, as including all government buildings throughout the country. This will be the first time for flags to be lowered on postoffices and other federal buildings in honor of the death of an ex-prestdent.

Preliminary sailing orders have been issued by Rear Admiral Pillsbury, acting secretary of the navy to Rear Admiral Sperry, commander-in-chief of the Atlantic fleet, for the second cruise of the battleships on their way around the world. The departments orders directs Admiral Sperry to hold his command in readiness on July 5 to sail for San Francisco Bay on receipt of final orders which will be issued on that date from the department by direction of the president. It is expected that the ships will lift anchor at sunrise on the morning of July 7. The first stop will be Honolulu July 16. with Aukland August 9, at Sydney, August 20, and at Manila, October 1st and at Yokohama, October 17. They will reach China, October 29 and return to Manila November 7. According to a tentative itinerary for the last cruise of the fleet from Manila to Hampton Roads, which has been submitted to the department by Admiral Sperry, the return journey will begin approximately Decembea 2 leaving two months and three weeks in which to reach the Atlantic coast by February 22 the set by the presiden. This will mean fast sailing to allow for the various stops at Singapore, Colombo, Aden, Port Said, Suez and Gibraltar. Two weeks will be allowed for visiting various ports in the Mediterranean.

The Oakland Trans-Continental Aerial Telegraph and Power Company, of Oakland and San Francisco, Calif., advertising new patents whereby it is possible to "talk around the world," by wireless, was today debarred from the mails by a fraud order from the postmaster general. The promoters of the enterprise claimed an epoch-making invention, with wireless talephony, and exhibited at their officers what purported to be the new instruments. To the credulous the "firm" sold stock in the enterprise for from $10 to $55 per share. A postoffice inspector later discovered wires connecting their so-called wireless instruments.

Following the conference which is to be held at Oyster Bay on Saturday between President Roosevelt, Secretary Taft, General Luke Wright and several members of the republican national committee, it is said that Postmaster Geo. Von L. Meyer may be selected as campaign manager.

The ultimate outcome of the present situation between the United States and Venezuela will probably be indicated within a few days after acting Secretary Adee has conferred with Secretary Root and Assistant Secretary Bacon. Minister Russell held a consultation with Secretary Adee today. No further dispatches have been received either at the State Department or at the Venezuelan legation, nor has the Navy Department received any information of the sailing of the Marietta. Whether the consular agencies of the United States will be closed, leaving Venezuela, so far as this country is concerned, dipolmatically isolated, remains to be decided. It is not likely, however, there will be any material change in the present situation unless Castro makes a move, friendly or unfriendly.

The West Virginia has demonstrated herself to be the fastest warship afloat in the navy. On June 13th, the ship exceeded her contract speed by .47 knots. The average speed for the four hours' run was 22.47 as compared to her contract speed of 22 knots and her best previous trial speed of 22 15.

One death and four prostrations were reported in this city as a result of the terrific heat which prevailed all day yesterday.

FIGHT FOR NOMINATION.

Col. C. F. Day, of Smithfield, chairman of the Second district democratic committee, said yesterday evening that the following persons had announced their candidacy in the democratic congressional primary:

Harry L. Maynard, incumbent; Col. George C. Cabell, J. Peter Holland and William A. Young.

Colonel Day says there is no rule as to the order in which their notices were received as given above. The time for entering the race closed last night.

Robert W. Withers, of Suffolk, had been expected to announce himself, but following a two hours' conference with friends Mr. Withers announced last night that he would wait two years and in the meantime he was a candidate for the speakership of the Virginia House of Delegates and expected to win. With four men in the race each man's primary assessment is only $200.

Secretary Taft directed the postponement of the meeting of the subcommittee of the republican national committee to select a national chairman from July 1 to July 8 on account of the illness of Representative Sherman, the vice-presidential nominee.

News of the Day.

When Louis Nixon was asked if he is a candidate for the vice-presidency he replied that he has to work for a living.

The big rice mills of Louisiana have formed a combination under the title of the United Irrigation and Rice Milling Company.

Charles M. Schwab is expected in Madrid to assist in the organization of a steel company to supply material for rebuilding the Spanish navy.

The D. D. Martin and Company's abattoir and adjoining beef warehouse, at Philadelphia were destroyed by fire today entailing a loss of $150,000.

A dispatch from Lincoln, Nebr., says Governor Swanson, of Virginia, was today put on the list of seconding speakers at the nomination of Mr. Bryan in Denver next month.

This week will be a banner one in the tropical fruit trade in Baltimore. So far seven steamers have arrived, whose aggregate cargoes amounted to 146,600 bunches. Another steamer, the Alfred Dumois, is yet to arrive, and it is expected to reach port today or tomorrow, which will materially increase this amount.

No reference to the Government ownership of railways will be made in the democratic national platform. Positive confirmation of this decision was obtained yesterday from Norman E. Mack, New York member of the democratic national committee, after he had been in conference with William J. Bryan for more than three hours.

By the merest chance a terrible catastrophe was avoided in the sham battle schedule for today between the 6,000 troops in camp at Niagara, Canada. While some of the shells that were to be used in the battle were being examined, it was found that they were loaded. The entire lot was then examined and it was found that one fourth of them were loaded instead of being blank, as ordered.

On a basis of three dollars for one, the board of directors of the Pennsylvania Railway Company yesterday authorized the purchase of the $2,500,000 of capital stock of the New York, Philadelphia and Norfolk Railroad Company. Payment is to be made in forty-year 4 per-cent. collateral trust certificates guaranteed principal and interest by the Pennsylvania Railroad. The New York, Philadelphia and Norfolk Railroad runs from Cape Charles, Va., to Delmar, Del., and having, with branches, only 112 miles of track.

Great excitement has been caused in Paris by a third mysterious murder similar to the recent killings of the artist Steinheil and the retired banker Remy. As in these cases, there is no clew to the perpetrator. The victim was Mme. Sauvizon, who occupied a flat on Rue de Bondy. She was a dealer in gems, especially diamonds, of which she kept a considerable number in her flat. She was found strangled, as Steinheil was. A chest of drawers in which she probably kept some gems had been ransacked, but her safe had not been tampered with.

THE LATE PRESIDENT.

After issuing his proclamation yesterday upon the death of former President Cleveland President Roosevelt instructed Secretary Loeb to send a wreath to Mr. Cleveland's home and to make the necessary arrangements for his journey to Princeton to attend the funeral which will take place on Friday afternoon. The burial will be in the cemetery there, where the body of his eldest daughter, Ruth Cleveland, already lies. Messages of condolence are pouring in from every section of the world.

President Roosevelt received a second telegram from Mrs. Cleveland yesterday afternoon:

"I appreciate your kind message of sympathy. The funeral will be on Friday afternoon. I will inform you of the exact hour later."

BRYAN'S WORD OF PRAISE.

The following tribute to former President Grover Cleveland was written yesterday evening by W. J. Bryan, and will appear in next week's issue of his paper:

"The death of ex-President Grover Cleveland brings to a sudden end the phenomenal career of one of the strongest character in the political world during the present generation. Like every commanding figure he had zealous supporters and earnest opponents, but those who differed from him were as ready as his warmest friends to concede to him the possession of elements of leadership to an extraordinary degree. He was deliberate in action, firm in conviction, and ever ready to accept responsibility for what he did. Few men have exerted a more positive influence upon those associated with them. We are not far enough from the period in which his work was done to measure accurately his place in history, but the qualities which made him great are a part of the nation's heritage, and universal sorrow is felt at his death."

Secretary Taft was greatly shocked when he was informed of the death of former President Grover Cleveland. He was in the commencement procession with the Yale University officials when the news was conveyed to him.

"I am very sorry, indeed," said he, "to hear of Mr. Cleveland's death. He was one of the really great men of the country, and his passing away is a distinct loss to the American people."

Secretary Taft in speaking at the Yale Alumni dinner yesterday afternoon, paid a tribute to Mr. Cleveland. He said he was a great president. Said the secretary: "He had the highest civic ideals; had rugged honesty and high courage. He leaves this life revered, respected and loved by all his countrymen."

Cut Wife's Throat.

Philadelphia, June 25.—After breaking his 16-year-old wife's jaw and otherwise beating her because he found her playing "jacks" with girls of the neighborhood, Matthew Hazel cut her throat with a razor and fled. The child wife was removed to the hospital in a dying condition. The couple eloped to Baltimore a few months ago and were married.

From Venezuela.

Willemstad, Curaco, June 25.—Jacob Sleeper, secretary of the American Legation in Venezuela, and Francis A. Ruggles, military attache, arrived here today from Porto Cabello, aboard the American gunboat Marietta. They are en route to the United States, that country having practically suspended diplomatic relations with Venezuela.

Virginia News.

A severe storm passed over Winchester yesterday afternoon. Lightning struck in a number of places, including the residence of Judge Thomas U. Harrison, badly frightening his family. G. A. Newcome was knocked unconscious while at work in a harvest field. He will recover.

A successful session of the Virginia Military Institute was brought to a close yesterday with the graduating exercises when 41 young men were given their diplomas. The valedictory address was by Cadet A. B. DeVault, of Tennessee. The address of the occasion was made by Major General J. Franklin Bell, chief of staff, U. S. A. The Jackson-Hope medals, awarded to the two highest graduates, were presented by Governor Swanson—the first to William T. Biedler, of Baltimore, Md.; the second to Martin G. DeShazo, of Martinsville.

Messrs. Davis & Davis, Washington patent attorneys, report the grant, this week, to citizens of this state, of the following patents: R. D. Browning, of Orange, latch-keeper for gates; W. J. G. N. Hundley, a well-known citizen of Shady Grove, Franklin county, killed himself in the office of his cousin, R. N. Hundley, at Martinsville, yesterday. Hundley went into the office, and, placing a pistol behind his ear, fired. He fell to the floor in a dying condition. He left a note at his home yesterday morning when he started for Martinsville, in which he told his wife that he intended to kill himself. When Mrs. Hundley found the note she quickly saddled a horse and almost rode the animal to death, trying to get in town before her husband could commit the deed. She was too late.

WEDDING AT POHICK.

Miss Lillie Hutton Nevitt, of Huntington, Fairfax county, was married last evening to Mr. Samuel Clement Smoot, of Washington, at Pohick Episcopal Church. Rev. Thomas Nevitt Lawrance, cousin of the bride, assisted by Rev. Everard Meade, rector of Pohick parish, and Rev. Osborne Belt, of Cumberland, Md., brother-in-law of the groom, performed the ceremony. The bride was attended by her cousin, Mrs. E. Wade Ball, of Clarendon, as matron of honor, and Miss Frances Page Meade, of Pohick, as maid of honor. The best man was Mr. Rowland M. Jones, of Washington, nephew of the groom, and the groomsman was Mr. R. M. Webster, also of Washington. The ushers were Messrs. Philip O. Ward, of Accotink; Philip Nelson Meade, of Portsmouth; Dr. W. Smith Frankland and Mr. A. H. Davis, both of Washington. The church was tastefully decorated in a color scheme of white and green.

The bridal party entered to the music of the "Wedding Chorus," from "Lohengrin," the bride escorted by her brother, Mr. Benjamin F. Nevitt, who gave her in marriage. She was gowned in a white lace imported robe, over white tafieta silk, and carried lilies of the valley and maiden hair ferns. She wore a full set of family pearls, more than 100 years old, a large spray of which clasped her veil, and a handsome diamond brooch, the gift of the groom.

The bride is a daughter of Mr. and Mrs. H. C. Nevitt, a granddaughter of the late Dr. Thomas Nevitt, and a niece of Dr. N. B. Nevitt. She was reared at the old family estate of Huntingdon, which is the present home of her parents. The groom is a well-known business man of Washington.

After receiving the congratulations of their friends, the bride and groom left for Atlantic City.

EXPLOSION IN CATHEDRAL.

While Cardinal Agostino Richelmy, Archbishop of Turin, was celebrating pontifical mass in the cathedral in Rome yesterday in honor of the feast of St. John, the city's patron saint, a petard exploded within the building, making a terrific din. The congregation, which was composed mostly of women, was thrown into a state of panic, and made a wild rush for the doors. Many persons were thrown down and trampled upon, some thus receiving severe injuries. Nobody was wounded by the explosion.

The petard consisted of a tin box containing gunpowder and revolver cartridges. The effects of the explosion were lessoned by the fact that the cartridges did not explode. It is believed that the author of the outrage was seeking the life of Cardinal Richelmy, to whom the pope has telegraphed congratulations upon his escape.

Today's Telegraphic News.

The Late Mr. Cleveland.

Princeton, N. J., June 25.—Arrangements for the funeral of the late President Cleveland occupied the attention of those to whom the widow has intrusted this task, but they will not be completed until the arrival of President Roosevelt who is expected here about noon tomorrow.

Mrs. Cleveland continues to bear up well. She had a comparatively good rest last night although she remained up until a late hour going over the details of the funeral.

The city is beginning to fill up with visitors who have come to pay the last tributs to the distinguished dead, and to handle the large crowd that is expected tomorrow, the police force has been enlarged.

Esther and Richard, the only Cleveland children who will attend the funeral, are expected to arrive this evening. Friends of the family fear that the meeting between the bereaved mother and children will result, at least, in a partial breakdown of the former.

The simplicity of the funeral will be most marked. Only those invited will be permitted to enter the grounds, and the services will be brief.

A death mask of Mr. Cleveland will be taken today, Mrs. Cleveland having given her consent to the reproduction in clay of her dead husband's features. She refuses, however, to have the remains lie in state.

The coffin is of quarter-sawed oak and simple in design. The plain silver plate will bear the words: "Grover Cleveland, March 18, 1837; June 24, 1908."

Tamworth, N. H., June 25.—Accompanied by Mrs. John H. Finley, of New York, Richard and Esther Cleveland, two of the children of the late President Cleveland left today for Princeton to attend the funeral of their father. The girls are grief-stricken and refuse to be consoled. They were devotedly attached to their father and his death is a sad blow to them.

Messages of sympathy continue to pour in on Mrs. Cleveland. Every royal family of Europe has been heard from. Among the messages received were the following:

"Greatly shocked over the sad intelligence and hasten to tender my deep condolence and sincere sympathy for the great bereavement which has befallen you. BARON TAKAHIRA."

"Mrs. Bryan joins me in sending sympathy and condolences.

"W. J. BRYAN."

From Paris Prince Roland Bonaparte cabled:

"I beg leave to express to you my most respectful condolences for the misfortune which has come to you."

A message has also been received from Cardinal Gibbons.

The following list of pallbearers was announced this afternoon: Paul Morton, President of the Equitable Life Assurance Society; E. C. Benedict, of New York; Dr. Henry Van Dyke, John Hibben, Prof. Andrew West, dean of the graduate college of Princeton University, and President John Finley, of the College of the City of New York.

The choice of a minister to conduct the funeral services lies between Rev. L. C. Baker and Rev. Sylvester Beach, of the First Presbyterian Church of Princeton, and Dr. Henry Van Dyke.

Powers Make Demand on Shah.

St. Petersburg, June 25.—Unless Mohammed Ali Mirz, Shah of Persia, quickly restores order in his country, he will be dethroned by the powers and his uncle, Prince Zill-es-Sultan, enthroned in his place.

This warning has already been sent to the shah by the Russian and English representatives, those two countries being the most vitally concerned in Persia. Other powers, it is known, are willing to second this demand.

It is believed that Russia and England will have to "make good" this threat, for reports from Teheran today are to the effect that the city and the surrounding territory are still in a state of revolt, and that it will be impossible to bring permanent peace out of the chaos which now reigns.

Russia and England have also joined in a demand on the shah for an explanation of the reported secret killing of scores of reformers.

A dispatch received here today says that rebels are marching against Teheran from the north of Persia, and that the shah has dispatched 5,000 troops to meet them. Reinforcements are, also, on the way to Tabriz under orders to shell the town unless the rebels yield.

Fighting between the revolutionaries and the adherents of the reactionary party has been going on in Tabriz for the last three days. All business is at a standstill and hundreds of people have fled from the town. Many buildings have been razed and the situation is reported almost as bad as that at Teheran.

Outbreaks and hand-to-hand conflicts are still numerous in Teheran, and will likely continue until the shah's opponents are either all slain or driven from the city, for such a thing as peaceful surrender is out of the question. The shah's soldiers are in complete control of the city, and patrols of Cossacks guard the approaches to the city.

Burned to Death.

Chicago, June 25.—Eight girls and two men were badly burned or otherwise injured by a fire today resulting from an explosion of chemicals in the rooms of the Pabst Chemical Co., in a combined flat and business block at Erie and Wells streets. One person was fatally injured and a driver of a fire engine was hurt when the engine overturned. Firemen, in going through the wrecked building, found the bodies of a man, a woman and four children who had been burned to death. It is supposed they were burned to death trying to reach the fire escapes.

A later dispatch says six persons were burned to death.

Injunction Granted.

Rochester, N. Y., June 25.—An injunction, pendente lite, against the increase in the rates of the Independent Order of Foresters has been granted to Henry J. Simmelink, by Justice Benton in Supreme Court here. This restrains the order from putting the increase in effect in this State at least until September, when argument on the setting aside of the injunction will be heard in equity term. The increase was decided at the annual convention at Toronto on June 12.

DIED.

At his residence, 1216 King street Tuesday, June 23, 1908, JOSEPH PULMAN, aged 66 years. Funeral from the residence tomorrow, (Friday) afternoon, at 5 o'clock. Friends of the family are invited to attend.

Third Murder Mystery.

Paris, June 25.—The murder of Mme. Sauvizon last night in her apartments in the Rue de Bondy is the third crime mystery of a month that is baffling the Paris police.

The fact that she was strangled to death by a cord around her neck, the same method as employed in the murder of Adolphe Steinheil, the artist, and that her secretary was ransacked while the safe in which she kept her valuables was untouched, lead to the belief that there was a political motive back of the crime.

It is now generally accepted that Steinheil's murder was for political purposes, and it is believed that the same persons responsible for the death of the artist and his mother-in-law, Mme. Japy, planned and executed the murder of Mme. Sauvizon.

Last night's victim is believed to have had papers in her possession which would have incriminated high government officials in a political scandal.

The other unsolved crime of the month is that of Banker Remy, who was stabbed to death in his apartments. If the murder of Mme. Sauvizon should turn out to be a crime with a political motive back of it, there is little likelihood of the apprehension of the murder or murderers, for the Paris police have shown that they are either unable or unwilling to ferret out such crimes.

Alleged French Aims.

London, June 25.—Foreign offices in the various capitals of Europe are becoming convinced that France plans a Gallic absorption of practically all of northern Africa. With Algeria already in hand, Tunis under domination and Morocco being drawn into chaos through the pretendership of Mulai Hafid, the French are connecting their northern and west African territories right down to the river Niger. This entails the crossing of the Sahara, nearly 2,000 miles, by a chain of military posts. The route has already been surveyed by the French for telegraph stations, and it is probable that a system of wireless will be established permanently.

London, June 25.—In Morocco France is playing a waiting game. Sultan Abdul Aziz is undoubtedly nearing the end of his reign, and that Mulai Hafid will eventually be proclaimed sultan seems inevitable. France's position in Morocco will be strengthened by the internal disorder, and it will be an easy matter to include that country in the proposed chain across northern Africa. The policy of France is viewed with some apprehension but it is hardly likely that there will be immediate opposition to her plan.

Refused to Grant Special License.

London, June 25.—Archbishop Canterbury has refused to grant a special license for the marriage of Mme. Anna Gould and Prince Helie de Sagan, and it looks as though the couple would have to await the expiration of their three weeks' residence in England before the ceremony can be performed. The couple sought aid from both the French and American embassies, but got no assistance from either. The archbishop would undoubtedly have granted a special license had it not been for the fact that Mme. Gould is a divorced woman. Any special license issued in England requires publicity, and as both the countess and prince are seeking a quiet marriage they are more or less resigned to wait until an ordinary license can be granted. The two are still stopping at the Savoy and are seen much in each others company. Nearly every afternoon they go automobiling and usually dine together.

Rumored Death of a Wrestler.

London, June 25.—It is rumored here that George Hackenschmidt, the wrestler, is dead at Aix-la-Chappelle, where he went several weeks ago to recover from injuries received in his wrestling match with Frank Gotch, in which he lost the world's championship to the American. Hackenschmidt was suffering from water on the knee when he went to Aix-la-Chappelle. After an examination by doctors he was told that he would never again be able to wrestle. The injury to his knee resulted from his being thrown violently by Gotch in their wrestling bout in Chicago. It was also feared that Hackenschmidt had been internally injured in this match.

Explosion of a Gasoline Launch.

St. Louis, June 25.—At least a half dozen persons are believed to have lost their lives in the explosion on the gasoline launch Midget near Carondalet. The wrecked launch was found on the river bank today, but there is no trace of John Krauser, the owner, or the party of friends he took on a fishing trip yesterday. Residents along the river heard an expolison about midnight, but could not ascertain the cause. Krausar is missing from his home. It is not known how many were in the party, but he usually invited at least six friends.

Stranded Steamer.

Eastport, N. Y., June 25.—The steamer Chippewa, which was stranded on the rocks opposite Dutch Plains life saving station yesterday morning eight miles to the west of Montauk light, is still fast aground this morning and the chances of saving her are very unfavorable. She is leaking badly and lies about three hundred yards off the shore. The Chippewa struck yesterday morning in the heavy fog while groping her way northward from Charleston. The captain and crew are still on board and in no danger, owing to the smoothness of the sea.

Congressman Sherman's Condition.

Cleveland, Ohio, June 25.—Physicians attending Congressman James S. Sherman reported this morning that he had spent a comfortable night. He had slept five hours continuously and was much refreshed He had suffered comparatively little pain, and his condition generally showed marked improvement. The attending physicians are satisfied that there is no present necessity of an operation. Unless there is an unexpected turn for the worse the patient is entirely out of danger.

Yale Wins.

New London, June 25.—Rowing with a steady swing, Yale 'varsity four defeated the Harvard varsity by a full length today.

The official time of the race: Yale 9:38 1-2; Harvard 9:47 1-2.

The race was witnessed by a large concourse of people.

At the conclusion of the race the regatta committee and referee's boats returned to the starting line for the get-away of the second event on the card; the eight-oared freshmen.

The Syracuse varsity eight shell crashed into a row boat while doing practice work today. The shell was so badly damaged that the crew was taken aboard the launch.

Fire in Baltimore.

Baltimore, June 25.—Fire of unknown origin early today destroyed the building and plant of J. J. Walsh and Sons, contractors, and builders. Situated but a short distance away is the Lyric Theater, several garages and other valuable property. The fire was a very dangerous and spectacular one, but the good work of the firemen prevented a spread of the flames. The loss is estimated at $50,000, covered by insurance.

Claim Denied.

New York, June 25.—The claim of Lonise Whitney Belmont Clarke, the Galveston, Texas, woman, who says she is the real daughter of the late O. H. P. Belmont and that Mrs. William P. Borden, nee Natica Rives, was substituted for her is absolutely denied by the financier's widow. Reports from Galveston state that the woman's story is not credited there and neighbors believe her to be insane.

GOVERNMENT PRINTING OFFICE

The practical hand is again at the helm in the management of the affairs of the government's big print shop. In the selection of his assistants Public Printer John S. Leech exhibited his knowledge of genuine efficiency. In the first place the office of private secretary to the public printer is one of the hardest to acceptably manage, as this official is at the mercy of those who in official life range from a Senator who expects recognition for a constituent to a char woman with many imaginary grievances. Mr. Leech being aware of the qualifications essential to the proper conduct of this most important office selected Mr. W. J. Dow, a practical printer and an affable southern gentleman, whose appointment was received with pleasure by everyone with whom he had been associated in the printery years before. The public printer again improved the service when he elevated to the most responsible position in his gift—that of foreman of the entire establishment—Mr. John R. Berg, who, previous to his elevation, was foreman of the Congressional Record. Mr. Berg is a man unselfish in his devotion to the interests of his fellow workmen and one who knows, theorizing forming no part of his make-up. On his induction into office the public printer did a wise thing in relegating to the tall timber a number of self-important non-producers whose ability as mechanics would hardly have secured them employment in the smallest printing office in the world much less holding positions as advisers and dictators in the largest. The public printer is reducing the salaries of unimportant officials whose only claim to position and salary was in the fact that they had "a pull." It is a fact that in years gone by the business of the Government Printing Office was conducted in the old building on H street, now condemned, with five or six foremen, and all orders and instructions emanated from a glass cage built on the second floor. Now there are twenty or thirty sections with from ten to twenty high salaried officials in each. In the composing rooms where in years past the management was in the hands of two men there are now not less than six with as many assistants, each drawing a good salary. The public printer has started in well and if left with a free hand no doubt will improve the service.

Success Magazine for July has been received from its publishers in New York. Its most prominent articles are "Our billions of invisible friends," with portraits of Dr. Koch and others. "The American girl out-of-doors," illustrated by Gibson and Day, and "Great Britain the foe of reform." THE RICHMOND HOWITZERS.

The Richmond Howitzers after their march from Staunton to this city reached Richmond Tuesday night. The Times Dispatch says:

"The reception tendered the battery and its guests by the Lee Camp Confederate Veterans and the Daughters of the Confederacy of Alexandria was the close and the crown of our long march. At 12 m., on Tuesday, the Howitzers and their guests and friends were welcomed at the Lee Camp Hall by a large assembly of the ladies and veterans. The home is a large and handsome mansion, with spacious apartments, which have been beautifully fitted and furnished. When the Howitzer boys marched in they were received with hearty applause. Colonel Smoot, of Lee Camp, introduced Mr. J. M. Johnson, who in the most cordial terms expressed the sentiment of Alexandria and its ladies in giving the freedom of the city to the Howitzers. He said that Alexandria had been the home of the two greatest rebels in all history—George Washington and Robert E. Lee. Captain Myers responded in most graceful terms, thanking the good people of the city in the name of his young soldiers. Captain John Lamb spoke eloquently for the veterans and other guests who were members of the marching force, and the chaplain, affirming that he was one of the boys of the company, told of their manly spirit and their soldierly discharge of duty. He declared that the captain himself was the hero of the march, which was followed by long-continued applause from the men. The dinner which followed was one that cannot be compared to any other city. It was just the thing needed by the company coming out of camp, and was served in most tasteful style. The crabs and old ham, the ice cream and cake, followed by coffee and cigars, made a sudden change in the manner of life; but the boys showed no reluctance, and the ladies continued their assiduous attentions."

The Richmond Journal says:

"One is apt to write in hyperbolical style when describing the reception accorded the battery at Alexandria yesterday, for it was truly magnificent and was marked by a show of Confederate sentiment that was delightful. If the ladies' auxiliary and old soldiers had spent a year in planning for the entertainment they could not have made it more complete. There were wash basins and towels and soap and cool water—very necessary things—iced lemonade, cigars, and most important of all, individual lunches for every man, consisting of deviled crabs, sandwiches, sausages, pickles, ice-cream, cake and coffee, that would have done honor to a French restaurant. But the sweetest feature of the occasion was the manner in which the matrons of the city received the boys and ministered to their wants. The Alexandria vets have a magnificent home of their own—a three-story building that is beautifully furnished."

SWIMMING POOL AND GYMNASIUM.

For some time a movement has been afoot to construct a swimming pool and gymnasium in connection with the Young People's building on Washington street. The enterprise has now taken definite shape. A building committee was appointed Monday evening, consisting of the following persons: H. K. Field, F. J. Pollard, C. E. Dare, J. C. Smoot, S. E. Lindsey, J. E. W. Timberman, W. C. Davis, O. B. Pierpoint, J. O. Gilliam, W. C. Baggett and Chas. D. Bulla. The committee organized last night electing the following officers: H. K. Field, chairman; F. J. Pollard treasurer, and C. E. Dare, secretary. Plans and specifications will be be secured, bids received and contract awarded without delay. This will be gratifying news to a large number of young men of our city, and to young ladies also, as the privileges of both swimming pool and gymnasium will be extended to them.

CIRCUIT COURT FOR THE CITY.

[Judge J. B. T. Thornton, presiding.

In the matter of the contest over the will of the late John S. Beach a jury was drawn and the case adjourned over till Thursday next by which time it is said an agreement will probably be reached by all parties concerned. The following composed the jury: Henry F. Robertson, Frank S. Harper, Samuel E. Lindsey, Richard C. Acton, Alfred Thomson, Frank T. King, J. Frank Dyson, B. Baer, jr., H. C. Griffith, H. Kirk, jr., J. Brooke Carter and E. E. Warfield, jr.

Worth Hulfish tendered his resignation as administrator of the estate of the late D. A. Windsor and Laurence Stabler was appointed in his stead.

A DENIAL.

Mr. Fred Didzaoneit, jr., denies the statement made yesterday to the effect that he had a narrow escape from drowning Tuesday evening. He was he says, one of a party who was enjoying a sail on the river in the yatcht "Morning Star" and while engaged in that diversion jumped overboard for the purpose of enjoying a swim. He followed in the wake of the boat for some time until, becoming tired, he held up one hand to notify his companions in the boat that he desired to be taken aboard. He emphatically denies that he was going down the third time and had to be rescued.

COOLER WEATHER.

The weather yesterday continued oppressive until late in the afternoon when a cooling westerly breeze set in, and the mercury which at 4 o'clock stood at 96° dropped in an hour to 86°. There were slight sprinklings of rain at intervals during the night and this morning cooler conditions prevailed. There were many prostrations and deaths from heat in neighboring cities during the prevalence of the late hot wave. At noon today the mercury registered 86°.

WEDDINGS.

A very pretty home wedding was celbrated last night at 6 o'clock at the home of the bride's parents when Miss Elsie E Roberts, youngest daughter of Mr. and Mrs. James E. Roberts, was married to Mr. William Burrill, son of Justice Burrill, of Alexandria county, the ceremony being performed by Rev. W. W. Van Arsdale, of Trinity M. E. Church, only the immediate relatives and a few friends of the contracting parties being present. The bride was attended by her cousin, Miss Mabel Mumford, while the groom's best man was Mr. Walter Harrison, brother-in-law of the bride. The bride's wedding gown was a creation of white batiste with lace while her going-away costume was of white cloth, with hat and gloves to match. After the ceremony Mr. and Mrs. Burrill left for Atlantic City, and upon their return will make their home with the bride's parents in this city.

Mr. Arthur T. Brenner and Miss Virginia Brown were married at 9:30 o'clock last night at the rectory of Grace Church by Rev. Edgar Carpenter.

Mr. Wilmer H. Scott and Miss Lena Craven, daughter of Mr. Wm. L. Craven, were married at 8 o'clock last night at the parsonage of the Methodist Protestant Church by Rev. G. I. Humphreys.

PLACARDING HOUSES.

As was seen by the proceedings of the City Council on Tuesday night, a movement has been started looking to a mitigation of the present custom of placarding houses in cases where certain forms of alleged contagious diseases may occur. At the present time a number of persons are suffering from an eruption resembling smallpox, although some physicians are not prepared to pronounce it such. A city physician in talking to a representative of the Gazette this morning said he was attending three such cases, and until further developments he could not report the patients as suffering from smallpox. He also called attention to the fact that the immediate quarantining of houses in which the cases have occurred would work a hardship upon the other inmates, as well as entail an unnecessary expense on the city. He suggested that if people were apprehensive concerning the probable spread of the eruption referred to above, the most effectual way to stamp it out would be by vaccination. The physician further stated that the cases he was attending as well as those of which he had heard were extremely mild. Others say that the children affected run about the houses, in no way inconvenienced by the disease.

POLICE COURT.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

A white man, charged with assault, forfeited his collateral by failing to appear.

Bud Washington, Mary Wilkinson and Catharine Timbers, all colored, charged with disorderly conduct, were fined $5 each.

John Green, colored, charged with assaulting John Ball, was dismissed.

Malinda Level, colored, charged with disorderly conduct, was fined $5.

A white man, charged with disorderly conduct, was dismissed.

BULL IN SHACKLES.

Mr. A. S. Gillingham, who was attacked by a bull and seriously injured yesterday, is now resting easy at the Alexandria Hospital. The attack was made on Mr. Gillingham opposite the home of Mr. Joseph Hartbower, a short distance north of Hunting creek bridge. A colored man was also injured by the infuriated animal. It is supposed the bull had become maddened by the heat. The bovine is now in shackles. Constable A. J. Payne took the bull in custody today and conducted it to the Arlington Abattoir, where it will be slaughtered.

NO REDUCTION IN WAGES.

The Southern Railway Company has announced that it will not reduce the wages of its employes on July 1. The understanding is that the old scale shall continue for three months more. It is stated that business in the south is reviving, and that the business and prospects of the Southern Railway are improving. There is reason to believe that a reduction of wages will not be thought necessary by the company at the end of the new probationary period.

DEATH OF FORMER RESIDENT.

Mr. Lyman Chaffee, for many years a resident of Alexandria, died in Washington on Tuesday. The deceased leaves a widow and several children. He was for a long time employed in one of the planing mills of the city, but of late years had been engaged in sharpening saws and cutlery. Recently he removed to Washington. Mr. Chaffee was a quiet and good citizen, and his many friends and acquaintances in this city will regret to hear of his death.

UNION EXCURSION.

The committee of the various Sunday schools last night completed arrangements for their annual excursion to River View tomorrow. The committee assures a pleasant outing to all those who patronize the excursion. This will be the eighteenth annual excursion of the Union Sunday schools of this city, and is expected, as in the past, a large number will accompany the schools.

STREET NOTES.

The railroad track which for years ran against the curb at the northwest corner of Duke and Fayette streets has been laid in the middle of the intersection, but there is a deep gutter extending from the planking to the curb which occasions difficulty to those passing that point, especially when baby carriages have to be pushed across. The planking should have covered this gutter.

The drainage pipes at Commerce and Payne streets and Prince and Payne streets are choked, and unwholesome and unsightly puddles of soap suds and kitchen drainage are festering in the sun.

Several pyramids of weeds and muds are in the alley bounded by Fairfax, Royal, Wilkes and Gibbon streets, which should be removed. A man whose yard abuts on the alley cleaned out the gutters yesterday, and the city carts should now haul the accumulations away.

ACCIDENTS.

James Wilkins, about thirty-eight years of age, had his left leg badly crushed while attempting to board a freight train at the Potomac railroad yards shortly after 9 o'clock last night. The unfortunate man was picked up by employes of the yard and brought on an engine to this city and placed in the Alexandria Hospital. Later Dr. M. D. Delaney amputated the injured member below the knee. Wilkins is an Englishman, but, it is said, he has been living recently in Richmond.

John Johnson, colored, employed at the Mutual Ice Company's plant, was the victim of a serious accident yesterday morning. He had one of his fingers torn from his hand while operating an electrical device used for hoisting ice. The injured man was attended by Dr. Snowden.

MAGISTRATE'S COURT.

Among the cases before Justice Wright at New Alexandria a few days ago was that of Florence Dodson, colored, charged with mixing broken glass with potatoes and butter and feeding the same to the children of George Neltzer. The charge was not proven and the accused was dismissed.

Ernest Pettit was charged with disorderly conduct at a picnic at Accotink. He was made to pay $6.40 and required to give bond to keep the peace.

The arrests were made by Constable A. J. Payne.

For a Sprained Ankle.

As usually treated, a sprained ankle will disable the injured person for a month or more, but by applying Chamberlain's Liniment and observing the directions with each bottle faithfully, a cure may be effected in many cases in less than one week's time. This liniment is a most remarkable preparation. Try it for a sprain or bruise, or when laid up with chronic or muscular rheumatism, and you are certain to be delighted with the prompt relief which it affords. For sale by W. F. No Need of Suffering from Rheumatism.

It is a mistake to allow anyone to suffer from rheumatism, as the pain can always be relieved, and in most cases a cure effected by applying Chamberlain's Liniment. The relief from pain which it affords is alone worth many times its cost. It makes sleep and rest possible. Even in cases of long standing this liniment should be used on account of the relief which it affords. Do not be discouraged until you have given it a trial. For sale by W. F. ENTIRE WHEAT FLOUR, fresh. Just received by J. C. MILBURN.

Alexandria Gazette.
THURSDAY EVENING, JUNE 25, 1908.

London in 1784.

In 1784 M. La Combe published a book entitled "A Picture of London," in which, inter alia, he says, "The highroads thirty or forty miles round London are filled with armed highwaymen and footpads." This was then pretty true, though the expression "filled" is somewhat of an exaggeration. The medical student of fifty or more years ago seems to have been anticipated in 1784, for M. La Combe tells us that "the brass knockers of doors, which cost from 12 shillings to 15 shillings, are stolen at night if the maid forgets to unscrew them," a precaution which seems to have gone out of fashion.

M. La Combe in another part of his book exclaims: "How are you changed, Londoners! Your women are become bold, imperious and expensive. Bankrupts and beggars, coiners, spies and informers, robbers and pickpockets abound. The baker mixes alum in his bread. The brewer puts opium and copper filling in his beer. The milkwoman spoils her milk with snails."

The Blood Red Banner.

Royal and national colors vary with nations and times, but since Cain slew Abel blood red has been the sign of revolt. In the earliest revolt known to history, when the Persians rose against their king 4,000 years ago, they were led by a blood red banner, and during the riots which took place in Paris the men in the blood red caps were followed by the mob. A blood red flag waved over Bunker Hill when the Americans fought for liberty, and it was the emblem of the German peasants in their great uprisings in 1424, 1492 and 1525. Blood red was the color of the trades union flags during the middle ages, and it framed the background of the emblem of the Swiss confederacy in 1315. Through the whole of French and every other national history those striking in their own ways for liberty have worn the blood red cap and hailed the blood red banner as their leader. It is a curious fact that never has a monarch chosen it as his color.—London Answers.

Naive Lying.

A police official of New York, discussing the case of a policeman found guilty of protecting gambling houses, said:

"The man lied too naively in defense of his innocence. He was like a carpenter employed by a newspaper friend of mine. My newspaper friend writes a good deal at home, and, his study being next to the nursery, the children's noise disturbed him, and he employed a carpenter to make the wall sound proof between the two rooms. 'I'll fix it all right,' said the carpenter confidently. 'The best thing to do will be to line it with shavings.' He completed his job, then he called the literary man in. 'She's sound proof all right now,' he said. 'We'll test her,' said the literary man. 'You stay here.' And, going into the nursery, he called to the carpenter in the study, 'Can you hear me?' 'No, sir; I can't,' was the prompt reply."—New York Tribune.

Was Entitled to Trouble.

Lord Palmerston and Sir J. Paget, who told the story, were walking down Bond street. A man came up and saluted the statesman.

"How do you do, Lord Palmerston?"

"Ah, how do? Glad to see you. How's the old complaint?"

The stranger's face clouded over, and he shook his head. "No better."

"Dear me! So sorry! Glad to have met you. Goodby."

"Who's your friend?" asked Sir James when the stranger had gone.

"No idea."

"Why, you asked him about his old complaint."

"Pooh, pooh!" replied the other unconcernedly. "The old fellow's well over sixty; bound to have something the matter with him."—London Globe.

The Archbishop Won.

Dr. Whately, some time archbishop of Dublin, once had an encounter with a young aid-de-camp, and the primate emerged victor. At dinner the soldier asked this singular question, "Does your grace know the difference between an archbishop and an ass?" "Sir, I do not," answered Dr. Whately. "One wears the cross on his miter and the other wears it on his back!" explained the tactless officer. "Do you know the difference between an aid-de-camp and an ass?" asked the archbishop calmly in return. "No, your grace, I do not," was the reply. "Neither do I!" said his grace.—Liverpool Mercury.

Greeley's Writing.

During the early part of the nineteenth century the bad writing of great men became almost a byword. In fact, poor writing was considered by some people as almost a sign of genius. Horace Greeley was such a poor writer that his correspondents were sometimes obliged to guess at his meaning. It is related that a reporter on the New York Tribune who received a letter from Greeley discharging him presented it as a letter of recommendation to the editor of another paper.

To City Taxpayers—Notice.

Collector's Office, June 17, 1908.

Notice is hereby given that the tax bills for 1908 are now in the hands of the Collector. The attention of parties interested is respectfully called to the following extract from the revenue bill of that year:

"Upon all bills paid in full by the 1st day of July, 1908, the Collector of Taxes shall allow a discount of ten per cent, and on all bills paid by the 1st day of September, 1908, he shall allow a discount of five per cent, and on all bills not paid on the 1st day of December, 1908, there shall be assessed and collected a penalty of five per cent upon the amount of said bills, and on all bills remaining unpaid on the 1st day of June, 1909, damages at the rate of six per centum per annum shall be paid."

Taxpayers would do well to call and pay at once in order to avoid the rush and crowd usually present on the last days in which the discount is allowed.

Bring a list to make sure you get bills for all your property, as the Collector will not be responsible or allow the discount after the time fixed by law. P. F. GORMAN,
